Portfolio: <https://andrediop.github.io/react-portfolio/> | **GitHub:** <https://github.com/AndreDiop>
LinkedIn: <https://www.linkedin.com/in/andre-diop-998754200/>

US Navy Veteran and Full-Stack web developer with proficiency in modern front-end and back-end frameworks and academic experience building scalable, performant REST APIs. Highly motivated team player is eager to learn new skills and collaborate with people from all disciplines to operate autonomously, while being part of a tight-knit team—excellent communicator, approaching new challenges with a critical thinking mindset to take ownership of projects.

TECHNICAL SKILLS

Languages: JavaScript ES6+, CSS3, HTML5

Applications: GitHub, MySQL, Robo 3T, Postman

Tools: React, jQuery, Bootstrap, SQL, MongoDB, Mongoose, Bulma, Materialize UI

PROJECTS

Community Chest | <https://github.com/AndreDiop/Community-Chest> |
<https://community-chest134.herokuapp.com/>

- **Summary:** Promotes equal access to healthy food through the maintenance and inventory of community fridges which share food and ideas at the neighborhood level.
- **Role:** Lead Contributor
- **Tools:** HTML, JavaScript, React, Materialize CSS, Axios, Google Maps, Robo 3T

Tradecraft Messenger | <https://github.com/AndreDiop/Tradecraft-Messenger/> |
<https://tradecraft-messages.herokuapp.com/>

- **Summary:** Heavily influenced by 1950's clandestine spy culture, Tradecraft is an application that allows users to communicate messages to one another and delete the instance of the message.
- **Role:** Sole author
- **Tools:** HTML, CSS, JavaScript, Bootstrap, API

EXPERIENCE

The Commerce Club

2018-2020

Sous Chef

Atlanta, GA

Collaborated with the Executive Chef on inventory control, employee concerns, and daily operations.

- Built and developed a 3-member, back-of-house team; provided performance feedback and additional instruction in bi-annual reviews and one-on-one counseling sessions.
- Managed three chefs and eight kitchen staff in a high-volume members-only club.

EDUCATION
